ANTI-MONEY LAUNDERING

The Provider of Exchange Platform <https://getbtc.org> (hereinafter – the “Company” or “we”) is required to comply with the Anti-Money Laundering and Countering Financing of Terrorism Legislation (AML/CTF Laws). To help the government fight the funding of terrorism and money laundering activities, law requires all financial institutions to obtain, verify, and record information that identifies each person opening an account. We have developed internal Anti-Money laundering and Counter-Terrorism Policy (hereinafter – AML Policy) based on the risk assessment, so the objectives of the AML/CFT Laws can be achieved. These are:

1. to detect and deter money laundering and financing of terrorism;
2. to maintain and enhance the Company’s international reputation by adopting, where appropriate, recommendations issued by the Financial Action Task Force; and
3. to contribute to public confidence in the financial system.

By applying for an account with us you are taken to agree to the following terms:

1. you warrant that you comply with all applicable anti-money laundering laws and regulations, including but not limited to the AML/CTF Laws and associated rules and regulations (in force from time to time);
2. you are not aware and have no reason to suspect that:

 - the proceeds of your investment will be used to finance illegal activities; and
 - you agree to promptly provide us with all information that we reasonably request in order to comply with all applicable laws and regulations relating to anti-money laundering.

In accordance with our AML Policy we will conduct initial and ongoing due diligence for each customer according to risk level posed by the customer.
